Dear Fond du Lac Band Member:

During recent weeks, the Reservation Business Committee has become aware of disruptive and/or political activity taking place in the Tribal Center lobby. This activity has interfered with the Band's operations and has created a hostile and intimidating environment for community members and staff. As elected officials, the Reservation Business Committee has an obligation to maintain governmental functions and to manage the Band's business operations. As an employer, the Band has made a commitment to create a safe and productive work environment.

The RBC regrets that the level of conflict in the community has been escalating. Accordingly, individuals engaging in disruptive and/or political activity in the Tribal Center or any other Band building will be asked to leave. Failure to comply may be considered trespassing.
